

11 October 2024

Dear Families,

As the CEO of Glen Education, and on behalf of my team, I would like to welcome you all to our amazing community.

Being a part of a Glen Education managed kindergarten, means that families can devote their time and energy to their child's experiences and enjoy the year, knowing the responsibilities of managing the operations of the service are in our capable hands.

I believe that communication is the key to your child's success and encourage you to contact your teacher, or any Glen Education staff member if you have any questions or concerns. We are here to make your year with us as easy as possible.

It is our belief at Glen Education that children in their earliest years have tremendous curiosity and capacity to learn. We will encourage these characteristics and work to help your child learn and grow. I truly believe that your child will be in the best hands, receiving a quality education, and most importantly, enjoying their time spent learning. We will work together with you to ensure your child is prepared for their transition to school, academically as well as socially and emotionally.

Our wonderful educators have the freedom to cater their teaching styles to the individual learning needs of each child. This allows children to develop at their own pace and explore their world according to their own interests and abilities.

Your involvement in your child's education will continue to be encouraged by both our teaching and management staff. We will do this through:

- Your participation in the Volunteer Parent Group (VPG)
- Input into the service and organisational philosophy/policy statements
- Involvement in social functions, fundraising and working bees
- Providing input into programs for your child

We look forward to getting to know our new families at Glen Rowen Street Kindergarten. Please take some time to read through the information about us via our website <https://gleneducation.org.au/>

Yours sincerely

Samantha Kolasa  
CEO  
Glen Education Inc.
